For You
My Love

*A little message just to say
I love you more with each
new day, whenever I see
wherever I do,
my thoughts will
always be with you,
and so the more you say,
I know my love is
always will be so...*

I Love You

My love

*Higher than the sky above,
deeper than the sea,
stronger than the winter winds,
blowing through the trees.*

*Richer than the honey's taste,
sweeter than the dew,
greater than the reach of time
this is my love for you.*
